KAM AIR (RQ)

We're excited to introduce Kam Air, one of AirlinePros' newest airline partners in the region and Afghanistan's largest private airline. As the airline's Billing Settlement Plan (BSP) Co-ordinator in the UK, our focus is on enhancing Kam Air's market access by making the ticketing process for travel agents simple and hassle-free and providing even better customer service. We'll also collaborate with Kam Air to inform their revenue management strategy specifically for the UK market, driving future growth.

Founded in 2003, Kam Air offers connectivity to multiple Afghan cities and key international destinations such as Dubai, Istanbul, and Jeddah. Demand for travel on the airline's network is being driven by increasing business travel, humanitarian initiatives in the region, and the Afghan diaspora reconnecting with family and friends.
